PROFESSIONAL SUMMARY

Frontend-focused IT professional with experience spanning web development, application support, and cybersecurity fundamentals. Proven track record building responsive React-based interfaces, supporting production systems, and resolving technical issues in fast-paced environments. Strong foundation in secure software practices, frontend architecture, and cross-functional collaboration.

PROFESSIONAL EXPERIENCE

ECOBANK NIGERIA (Lagos, Nigeria)

Application Support | Oct 2025 – Dec 2025

- Diagnosed and resolved customer- and internal-facing technical issues, achieving 100% issue resolution in line with SLA requirements.
- Performed root cause analysis on complex incidents, escalating to senior teams and third-party vendors where necessary.
- Installed and managed SSL/TLS certificates; performed technical remediation through software updates and installations.

QUCOON ACADEMY (Lagos, Nigeria)

Software Development Intern | Jan 2025 – Apr 2025

- Completed a project-based internship simulating enterprise React development using Redux and TypeScript.
- Built and optimized reusable UI components with structured state management.
- Used Git and GitHub for collaborative version control, following best practices in branching and pull requests.

VEEVEETECH SOLUTIONS (Texas, USA)

Remote IT Support Specialist | Jul 2023 – Dec 2024

- Delivered Tier 1 and Tier 2 technical support across hardware, software, and network connectivity, reducing system downtime by 15% through proactive maintenance and database management.

ECOBANK NIGERIA (Lagos, Nigeria)

Front-End Software Developer | Jan 2023 – Jun 2023

- Developed responsive web pages using HTML, CSS, JavaScript, and ReactJS.
- Optimized front-end code to improve website performance, delivering faster load times and smoother user experience.
